Upgrade t...

External Services/APIs　Upgrade to add API integrations.

Add to Bot Directory　✖

Adding your Sandbox bot to the Pandorabots Bot Directory makes it available for other botmasters to discover and chat with, and is a great, free way to collect chatlogs during development. Note: Bot Directory interactions do not count against your monthly limit.

Type:　Customer Care ▾

Name:　customer care supports

Description:　its helps the customer to solve their problem

☐　In publishing my bot to the Pandorabots' Bot Directory, I represent and warrant that my bot does not violate the Pandorabots Terms of Service, contain offensive or inappropriate content or spam, and is not a boring FrankenZombieBot with no content at all. I understand that my bot may be removed if it is deemed to be in violation or at Pandorabots' sole discretion.
